As Public Affairs Director, Borstel is responsible for overseeing the Chapter’s government relations efforts and coordinating the Chapter’s external and internal communications and public relations. He will also work to ensure that the message of ABC supports the mission and objectives of the association.

“This is a great opportunity to work for an organization that is all about free enterprise, opportunity and merit,” said Borstel. “ABC represents some great businesses and true entrepreneurs in one of our most important industries. I look forward to advocating on their behalf.”

He has served on a variety of state and local government boards, including the Advisory Council on Vocational Education to the Massachusetts Board of Elementary and Secondary Education and the MA Board of Registration of Sheet Metal Workers.
