### ***Plumb House Participates in the Pan Mass Challenge***

ABC Massachusetts would like to recognize the following employees of Plumb House, Inc. for their participation in the Pan-Mass Challenge:

Dick Anderson, John Anderson, Scot Johnson, Joe Marcin, Mike Hartnett, Chris Elia, Andy Leonard, Luc Gagnon, Larry MacDonald, & Patty LaGoy.

The Pan-Massachusetts Challenge is a fully supported bike-a-thon — with food and water stops, mechanical and medical assistance, luggage transportation, and lodging — that runs through 46 towns across Massachusetts. More than 5,500 cyclists are expected to ride this year. Cyclists choose from seven routes of varying mileage designed to cater to all levels of cycling strength and time availability. Two-day rides include the original 190-mile Sturbridge to Provincetown route; 180-mile Sturbridge-Bourne-Wellesley route; 163-mile Wellesley-Bourne-Provincetown route; or the 153-mile Wellesley-Bourne- Wellesley route. One-day riders cycle the 110-mile Sturbridge-Bourne route, the 84-mile Wellesley-Bourne route, and the 47-mile Wellesley-Wellesley Sunday loop. Cyclists were required to raise between \$1,000 and \$4,200 to ride in the PMC, depending on the chosen route.

"ABC is proud to have member companies and their employees become active in supporting important causes such as cancer research. On behalf of the entire ABC staff and membership, I congratulate and thank Plumb House, Inc. for all their hard work and effort. Their selflessness no doubt helped make this year's Pan-Mass Challenge another huge success," said ABC MA President Greg Beeman.

Plumb House, Inc. has been building and rehabilitating multi-family housing developments since 1973. By 1987, they had become the largest framing contractor in the United States.

Since then, Plumb House has expanded into general contracting for multi-unit housing of all kinds: market and subsidized apartments, housing for the elderly, assisted living facilities, military housing, student housing and extended stay hotels. Plumb House provides comprehensive development, design and construction services.
